DETOUR NOTICE 17-516-1

**Short Term Detour Of 58 Greenfield Route –
Delay In Opening Of The New Greenfield (Beechwood Boulevard) Bridge
(Revision)**

Temporary Deviation on Route

58 – Greenfield

(East Liberty Division)

Effective: 9/3/2017 to Unknown Date

Daily

Effective On Sunday, September 3, 2017 With The Start Of New Port Authority Schedule Changes
Effective The Same Date Until Further Notice

Port Authority of Allegheny County, in preparation for the then scheduled opening in early September 2017 of the City of Pittsburgh's new Greenfield (Beechwood Boulevard) Bridge and in order to be ready to place the 58 Greenfield back on regular route at that time, incorporated schedule changes into its internal system pick effective Sunday, September 3, 2017.

Unfortunately, after schedule changes were already built in, reflecting the return of the bus to the bridge, it was learned that the bridge would actually open at some time in October, 2017, later than anticipated.

Because schedule and timing along the entire route are now altered to reflect use of the open bridge and retention of existing routing would be destructive to the entire schedule, the 58 Greenfield will follow this short term detour effective with the first bus on Sunday, September 3, 2017 until the opening of the bridge and further notice.

Revision: At the request of the community, two existing stops (one inbound, one outbound) have been retained.

This Detour Will Be Effective With The First Bus Of The Morning On Sunday, September 3, 2017.

Resumption of regular route will be announced coinciding with the dedication and opening of the Greenfield (Beechwood Boulevard) Bridge, upon further notice.

Charles Rompala

*Assistant Manager of Special Services
Road & Rail Operations Department*

DETOUR ROUTING-1

Revision: At the request of the community, until the new Greenfield (Beechwood Boulevard) Bridge opens, one inbound and one outbound stop from the existing route will be retained for use.
